

We don't need your law courts
or lawyers at your Bar —
don't need treaties or your policies
to tell us who we are.

MacAlpin born a Celt and Pict
officially did decree that
Scotland is a Nation in
eight hunner forty-three.

Eight hunner forty-three
anno dominee!
Scotland became a Nation in
"eight hunner forty-three!"

Murray, Bruce and Wallace
spilt blood to make it free, cos
Scotland is a Nation since
"eight hunner forty-three!"

Nan, Naomi, Leonard, Gray
with Grieve and Burns agree,
that Scotland is a Nation since
"eight hunner forty-three!"

Eight hunner forty-three
anno dominee!
Scotland became a Nation
"eight hunner forty-three!"

So, we don't need your dukes or kings
or your navy on the sea, cos
Scotland is a Nation since
"eight hunner forty-three!"

While Murray, Bruce and Wallace
spilt blood to make us free
YOU only need to spill some ink
in two thousand twenty-three.
