SECOND ANNUAL REPORT JUNE 2024

City of Poets is a like growing ivy.
The first year it sleeps, the second it
creeps, the third it leaps.

Now entering its third year,
City of Poets has followed
the strategy put in place
from its launch in May 2022.
Growth has accelerated as this
report shows, and there are now a
lot of moving parts. More detailed
information is on the website.

Jointly and severally these parts work
to bring poetry into mainstream life,
to elevate the healing and social
benefits of poetry,
as well as
to increase profile and income for
poets.

The more members put into City of
Poets, the more they are likely to get
out of it.
